

How to Use EdNest English Writing Scheme

Welcome to EdNest's English Writing Scheme. This programme has been designed to support your child in developing strong writing skills through rich stories, clear teaching steps, and enjoyable activities you can complete together at home.

To begin the scheme, **please choose one book from the Reading List provided.** This chosen text will be your child's "focus book" for the unit. All writing tasks, discussions, and creative activities will link back to this book, helping your child build deeper understanding and confidence as they learn.

You do not need to be an expert in English to support your child. Simply read the book together—little and often works beautifully—and talk about what is happening in the story. The scheme will guide you through each step, showing you how to use the book to complete the weekly learning.

By working with one text throughout the unit, your child will:

- strengthen their comprehension and vocabulary
- develop ideas for writing
- practise key skills in a meaningful context
- build fluency and independence over time

Thank you for supporting your child's learning. Your involvement makes a real difference, and we hope you enjoy exploring the stories as much as they do.
