

## Non-Chronological Report - Year 2/3

Read the report below. Write the correct subheading on each line.

Topic: The Polar Bears

\_\_\_\_\_

These animals are large white mammals that live in the Arctic. They are built to survive freezing temperatures and icy conditions.

\_\_\_\_\_

They have thick fur and a layer of blubber to keep warm. Their fur looks white but their skin underneath is black.

\_\_\_\_\_

Polar bears live near frozen oceans and sea ice. This environment helps them find food and stay safe.

\_\_\_\_\_

They are carnivores and mainly eat seals. They wait patiently by ice holes and catch prey using sharp claws.

Polar bears are strong swimmers and can travel long distances in cold water. Most live alone.
